complete the programme. The two qualifications may be studied independently. However, to achieve a balanced package, both should be studied at the same time. Functional Skills will feature as part of both qualifications.

### Career Opportunities

To gain the IMI (Institute of the Motor Industry) Technical Certificate you will need to complete the programme. The two qualifications may be studied independently. However, to achieve a balanced package, both should be studied at the same time. Functional Skills will feature as part of both qualifications.

### Entry Requirements

College entrants will be 16 years of age and over and have at least four GCSEs at grade E or above plus a College interview and initial assessment.

You will need an employer to sponsor you. This process needs to start as soon as you feel you want to become a mechanic. Often the offer of an apprenticeship comes from work experience or voluntary work, so always be on the look-out for opportunities. We can help you to find placements and can also transfer you to an apprenticeship from a full-time programme at any time.

### Cost

Tuition Fees: On enquiry

\*Full fees do not apply to all, please enquire upon application
