ALS administration staff will store all supplied diagnostic reports, DSA2s and NAs as evidence for exam concessions and support and exam concessions will be entered onto ProMonitor/ ProSolution.

For those students who request their support to be supplied by BTC, and have a DSA and NA:

They may have different areas of responsibility based on partnership arrangements with universities but these responsibilities will be broadly similar. Key areas of responsibility will include oversight of all students enrolled on their higher education programme(s) and therefore the knowledge of each of their individual learning plans, progress towards achievement, any additional support that is in place and the exam concessions that have been agreed. ## **9.3 The Process of Providing Additional Learning Support**

UCS will ensure all learners with additional support needs have equal access to the curriculum and are able to work towards meeting their full potential. This will be achieved by supporting the students through the DSA, diagnostic assessment and NA application process and providing the specified support, if requested, that is defined in the NA or diagnostic report.

### **9.3.1 Exam Concessions**

UCS will implement exam concessions as defined in the NA or diagnostic report that is supplied by the student and the evidence will be held by the ALS team and recorded on ProMonitor/ProSolution.

The ALS Team / Exams Team will liaise closely with the Course Leader for Trainee Nurse Associate and Nursing Degree qualifications when considering exam concessions. This is in order to ensure compliance with the requirements of the Nursing and Midwifery Council (NMC) and UWE who validate these programmes. The NMC have very specific requirements in relation to what is acceptable and what is not allowable in terms of exam/assessment concessions for students on these programmes.
